Re: Administrative Amend. No. 7 to the 2002 Federal Transportation Improvement Program

Dear Mr. Aljabiry:

The Kern Council of Governments' Federal Transportation Improvement Program policy is to compile local adjustments that are made on an as needed basis and informatively report to Caltrans, federal transportation agencies, and air quality agencies. Administrative Amendment Number 7 to the 2002 Federal Transportation Improvement Program has been included in this report. The Kern Council of Governments' staff has reviewed the member agency request and has agreed to make administrative revisions to the 2002 FTIP reflecting changes to the project below:

**RSTP**

**KER990407**

This project amendment was made at the request of the City of Ridgecrest. There is no change in the programming year. There is no change in total RSTP funding. The air quality conformity analysis is not affected. Please see attachments for more details.

Revisions have been made to California Transportation Improvement Program (CTIPS) database and are reflected in the enclosures. If you should have any questions or comments, please feel free to call Raquel Carabajal at (661) 861-2191.

Sincerely,

RONALD E. BRUMMETT,  
EXECUTIVE DIRECTOR

Re: KER990407 Regional Surface Transportation Program Project

Dear Mr. Haan:

Responding to the City of Ridgecrest's April 18, 2003 letter, Kern Council of Governments agrees to make administrative revisions to the 2002 Federal Transportation Improvement Program reflecting changes to the project noted above. In accordance with the request, the 2002 FTIP project programming will be adjusted as follows: construction funding in the amount of \$30,000 will be moved to the preliminary engineering.

Kern COG concurs in the request to expedite the appropriate changes to KER990407 as part of Amendment No. 7 (administrative amendment) to the 2002 FTIP because 1) there is no change in the programming year, 2) there is no change in RSTP funding, and 3) air quality analysis is not affected. Revisions have been made to California Transportation Improvement Program System (CTIPS) database and a report is attached for your use.

Attached is a letter stating that the City of Ridgecrest is in agreement with this amendment.

If you have any questions or comments, please feel free to contact Raquel Carabajal at 661-861-2191 or [rcarabajal@kerncog.org](mailto:rcarabajal@kerncog.org).

Sincerely,

RONALD E. BRUMMETT,  
EXECUTIVE DIRECTOR

KERN COUNCIL  
OF GOVERNMENTS

Subject: Request to Reallocate RSTP Funds

Dear Mr. Brummett:

This letter is to request a reallocation of our 02/03 RSTP funds. FTIP record KER990407 shows a balance of \$276,742.00 designated for construction. It is our desire to have \$30,000.00 reallocated to the project engineering phase (PE).

It is intended that these funds be used, along with reprogrammed RSTP funds to fund a project that is intended to be a companion project to our TDA-Article 3 bicycle lane project on Upjohn Ave. The proposed project funding is indicated as follows:

<u>Project</u>	<u>Phase</u>	<u>Budget</u>	<u>RSTP (fed 88.53%)</u>	<u>Local</u>
Upjohn Ave. Reconstruction	PE	30,000	26,559	3,441
From China Lake to Brady	C,CE	572,893	507,182	65,711
Total		\$602,893	\$533,741	\$69,152

We will make application with CalTrans for PE as soon as funds have been reallocated and will make every attempt to apply for authorization for construction prior to September 1, 2003.

Thank you for your assistance and please call me at (760) 371-3681, if you need additional information.

Sincerely,

Keith R. Haan, P.E.  
Engineer II
